FAIR PRICE (ROSPECT.GG/CHECK)

WHO'S BUYING

- [ ] **1. I checked the price**
  Two numbers at rospect.gg/check. Takes 10 seconds.
- [ ] **2. I know what they want**
  The game, the group, the assets, or a share of the money?
- [ ] **3. I didn't take the first offer**
  Ask for more, or wait a few days. Offers often go up.
- [ ] **4. The buyer proved who they are**
  Ask them to prove they own their studio: rospect.gg/verify.
- [ ] **5. It's all in writing**
  What's sold, the price, when it's paid, what if it goes wrong.
- [ ] **6. The money comes first**
  All of it, fully arrived, before you hand anything over.
- [ ] **7. I picked the escrow myself**
  Never their middleman or a 'trusted' Discord helper.
- [ ] **8. Nobody got my login**
  No password, no 2-step code, no cookies. A buyer never needs them.
- [ ] **9. An adult I trust read it**
  A parent or another adult, before you say yes.
- [ ] **10. Big amount? A lawyer looked**
  Worth the cost when a lot of money is involved.
